RESTRICTION OF COVERAGE - ROOF ENDORSEMENT
WORDS AND PHRASES IN BOLD HAVE SPECIAL MEANING AS DEFINED

If the **Declaration Page** shows that Restriction of Coverage - Roof Endorsement applies to a specific building, no coverage applies for loss or damage caused directly or indirectly to roofing materials resulting from **windstorm or hail**, or the melting of ice or snow on the exterior of the roof. Resultant damage to the interior of the building and contents is also not covered.

If there is coverage for direct loss or damage to roofing materials as a result of a peril which is still in effect, settlement of the claim will be on the basis of Option **B** of the Basis of Claim Payment clause in **your** policy.
